

**Excellence in R**

**10+**

years of  
experience  
with R

**100+**

profesionals  
using our R  
code

**1000+**

people  
trained in R

**100000+**

lines of R code  
in largest  
delivery

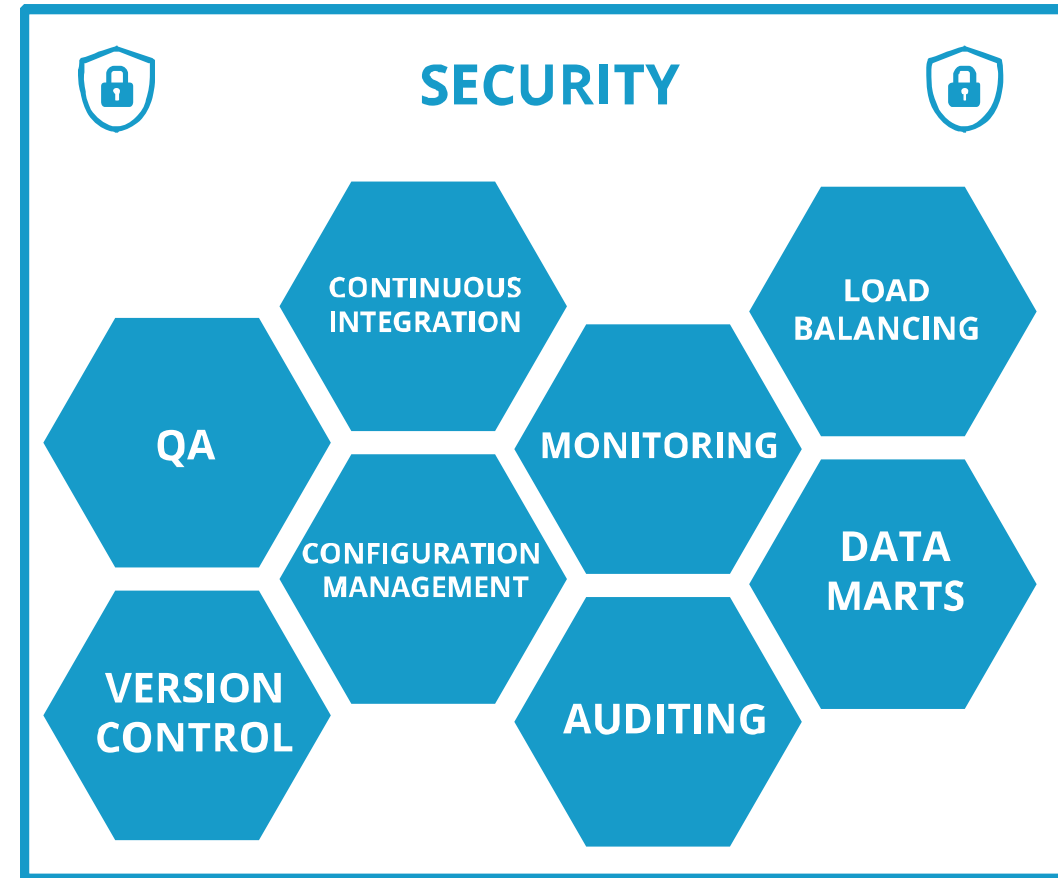

**1000000+**

total lines  
of production  
R code

Do you want to start using R in your company?

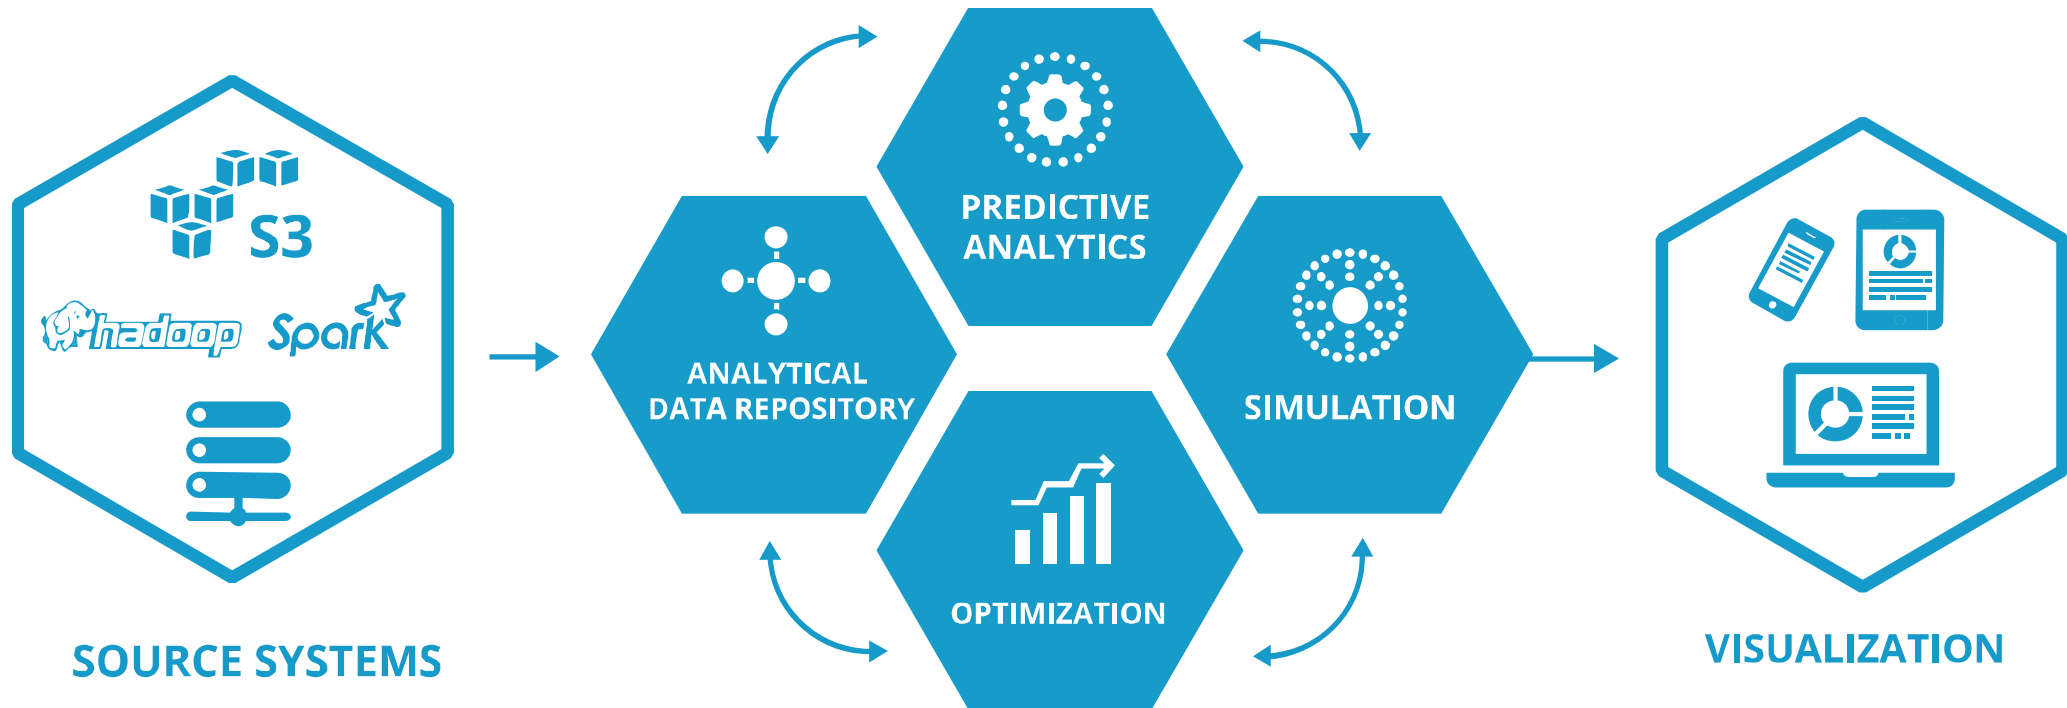

We have implemented **WLOG Enterprise R Architecture™** for large enterprises. We are ready to share our experience to help you build scalable, robust, maintainable and production ready R infrastructure.

WLOG Enterprise R Architecture™

Do you face an analytical or business challenge?

We have implemented **WLOG R Analytics Framework™** for building large-scale R data science solutions linking predictive modeling, optimization and simulation components.

WLOG R Analytics Framework™

Do you need an on-the-job support on using R?

We have developed **WLOG R Excellence Cycle™** that gives you access to our experts' vast practical experience through customized courses and on-the-job trainings.

WLOG R Excellence Cycle™
